# Weekly Update

15th January 2021

Google Classroom

## Blended Learning

As an academy, can we thank you for your continued support of our children whilst at home. We understand how testing these times are. However, it has been fantastic to see so many of you engaging with the blended learning that has been sent home. We have lessons recorded by teachers, independent tasks, links to external providers and this week has seen a growth in live sessions too!

A huge well done has to be shared with you for accessing the register on Google Classroom and following the links provided in your own virtual classrooms. If you need a quick refresher of how to access any of our blended learning, please watch this short video <https://youtu.be/ZNWxBYqA-II>

## MyON

With the move to online learning, it is once again so great to see lots of families sharing books through MyON, our online reading platform. So far this term a total of 3,890 books have been read across all year groups! Our top three year groups this week are; Year 3 who read for 5,390 minutes, Year 1 with 3,340 minutes and Year 2 with 2880 minutes! Well done everyone, keep it up!

## Free School Meal Vouchers

We have been notified that vouchers will be issued from Monday 18th January for all children who are eligible for free school meals. These will be emailed to you by Edenred and may take a few days to reach you. On Monday we will send out a ParentMail advising you of the process and attaching a short guide to assist you. Please remember that you cannot present the email at the shop, you will need to download a barcode from your chosen supermarket.

## Live Activities

Looking for something fun and free to do from home? Why not try out some of these ideas covering a range different subjects.
